

HY-LINE W-80

The Hy-Line W-80 is a robust white egg layer for all housing systems and environments.

Delivering prolific egg numbers, excellent egg shell strength, and strong performance under challenging environments and low-density feed rations.

For markets requiring a larger egg size, the W-80 Plus gives producers the same great traits with an egg weight profile two grams heavier.

	Free Range
Eggs per hen housed to 72 weeks	329.3
Eggs per hen housed to 80 weeks	373
Average egg size to 72 weeks	63.9g
Average egg size to 80 weeks	64.4g
