

LOHMANN BROWN LITE

Similar in performance and behaviour to the Classic, the Lohmann Brown Lite produces the typical Lohmann egg colour and shell.

With an average egg size approximately 1.5g less than the Classic, the Lite produces a higher percentage of medium eggs. It's good laying performance and shell breaking strength of over 35 Newtons make it suitable for a variety of management systems.

	Free Range	Colony
Eggs per hen housed to 72 weeks	311.2	319.6
Eggs per hen housed to 80 weeks	354.0	362.8
